Printing of Advising Slips of Fall 2019

Advising slips of Fall Semester 2019 have already been sent to the students through e-mail who have provided their e-mail addresses. It has been observed that a good number of students did not provide their e-mail addresses. Therefore, advising slips could not be sent to them. However, they can print their advising slips using the link; **<http://portal.ewubd.edu>**.

This is for information and necessary action by all concerned students.
